DTS-S-370 - Double-Sided Adhesive Tapes with Scrim Carrier

## Details:

- DTS-370 is a reinforced high strength, polyester light scrim, double-sided ashesive tape system for the fast and safe fixing of car pet skirting on nearly all surfaces.
- This solvent-free acrylic based adhesive is characterised by its very high initial tack ans permanent adhesion as well as its good aging resistance.
- DTS-370 is also suitable for fixing stair edgings, transition strips, and vinyl or rubber stair treads. The silicone paper liner can be removed easily.
