

O-KR - Pipe cap

Details:

- **Material:** TPR (thermoplastic rubber)
- **Color:** Black
- **High-temperature caps**
- **Versatile end caps for various application areas**
- **Chemical features:** Very good resistance to weak and strong alkalis and acids
- **Material specification:** Outstanding resistance to environmental influences (weather, ozone); non-toxic, steam sterilizable, suitable for acoustic insulation and vibration damping, good sealing (dirt, environmental effects, leakages)
