T-PB - Protective visors

Details:

- **Material: PET/PE**
- **Colour: white**
- Protective visor with adjustable strap
- The transparent protective mask, which is easy to use, covers the face and minimises the risk of contact with viruses and germs.
- Effectively protects the mouth, eyes and nose.
- Ideal as a protection against reflexes of touching the face with contaminated hands.
- The mask consists of a transparent PET visor and an adjustable polyethylene strap.
- Thanks to the adjustable strap we can easily adjust it to the circumference of the head.
- The appropriate design allows you to wear corrective glasses.
- The headgear is comfortable, lightweight and can be worn for many hours.
- Rounded at the bottom increases freedom of work.
- The visor is reusable. It is recommended to wear the visor together with a protective mask.
