

BL-PNE - Neoprene washers

Details:

- **Material: Neoprene (CR)**
- **Colour: black**
- Resistant to tensile strength 6MPa.
- Tensile elongation from 200 to 300% according to the type of hardness
- Good resistance to ozone
- Hardness between 45 and 65 Shore for the standard washer
- Other dimensions available on special order
- Materials available on special order:
 - Black Neoprene (hardness 80+/-5 Shore)
 - Light Neoprene (hardness 60+/-5 Shore)
