H-SW - NPT Sealing washer

Details:

- **Material: Thermoplastic Elastomer UL94 V-0**
- **Colour: black**
- Make fittings and connectors liquid tight, dust tight, and oil tight at enclosure.
- Suitable for wet locations requiring a separate gasket between the box and fitting.
- Also suitable for other panel sealing applications.
- Easy to install since washers seal off on the perimeter, not on the connector threads.
- Special double sealing ridges compensate for minor unevenness at enclosure.
