# H-CC-H - Stainless Steel Cable Clamps

12.7

A

Details:

- **Material: 304 Stainless Steel**
- **Coated parts are constructed from 304 stainless steel and coated with polyolefin a thermoplastic co-polymer.**
- For clamping cable or tubing securely into place, especially in harsh environments.
- Smooth "coined clamp" edges prevent damage to cable insulation.
- Coating provides a durable non-toxic, odorless coating that has very good low temperature flexibility and excellent electrical properties. This coating also has FDA food contact approval.
- All parts require a .203″ (5,2 mm) mounting hole suitable for a #10 screw.
- Not for use in a marine salt water environment.
- DFARS Compliant
- Type 1 - standard
- Type 2 - coated
