RKCF - Round Cable Suppression Cores

Details:

- **Ferrite Material: A5**
- **Casing Material: Black Flame Ret. Nylon 6/6, RMS-244***
- Suitable for internal cables between PC boards and data connectors as well as use for external power cables
- The A5 material cores are installed around a cable and attenuate any form of EMI emission
- Enclosures for channel-type EMI suppressor shapes
- The nylon case makes the assembly of the core easier in equipment where retrofit and test are a necessity
- Available for a wide range of cable dimensions from 5mm to 13 mm
- Custom sizes are available by special order
- Impedance figures are typical values and based on single turn measurements
- Standard Pack sizes may vary
